## Workshop Outline

Over the course of the five days you will cover a wide range of aspects of painting with watercolours from the importance of using the right materials, colour mixing, design, drawing and perspective. You will learn how to add mood and atmosphere to your work to create a work of art.

Work will go from relatively simple scenes to more complex subjects and compositions as the week progresses.

Joe enjoys teaching and has a very supportive manner.

He encourages students to ask questions about any aspect of watercolour and their work.

Early Morning, Bridge Street, Melbourne
